

Z40^{NEW}

NATURE ADAPT

MULTIFRUIT RANGE

Explore all possibilities

Any citrus fruit can now be squeezed in the most efficient manner. With the Multifruit range Zummo adapts the original Z40 Nature and creates 5 versions designed to squeeze oranges, tangerines, limes, lemons, grapefruits and pomegranates. A new concept, one of a kind in the market, designed to extend the juice offer, obtaining maximum return on investment from each one of them.
